Akande Abdulwasiu

SUMMARY

Detail-oriented Full Stack Developer with a meticulous approach to coding and problem-solving. Skilled in technologies such as HTML, CSS, Javascript, Ruby, and their frameworks. A Strong communicator and collaborator in fast-paced, agile development environments.

EXPERIENCE

MICROVERSE, Remote

Mentor (Volunteer) | February 2023 – Present

- Provided technical guidance and fostered motivation for four junior web developers. This facilitated their successful completion of the foundation module, ensuring they gained a solid grasp of essential concepts.
- Provide empathetic and comprehensive support for over twenty (20) students facing challenges during the development of their applications. This involves offering guidance, troubleshooting assistance, and tailored solutions to help overcome hurdles and ensure project success.

IKEJA ELECTRIC, Lagos, Nigeria

Assistant Manager | February 2021 – December 2022

- Developed and maintained data dashboards using Power BI, to provide real-time information on the performance of ten (10) Power distribution lines.
- Supervised a team of 15 staff members and adjudged the best Fault Clearing Crew in 2019.
- Awarded CEO exceptional initiative award for the creation of a DT Connect APP. An application developed to address the bottlenecks associated with the connection of new transformers to the grid.

EDUCATION

MICROVERSE | January 2023 – Till Date

Remote Full Stack Web Development Program, Full Time

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Develop skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

UNIVERSITY OF IBADAN | September 2019 – November 2020
